Temporary Baby Pool Closure Notice

Dear Residents,

We would like to inform you that the baby pool is temporarily closed due to an inoperable pump motor. To ensure proper water circulation and maintain health and safety standards, the pool cannot remain open while the pump is out of service.

The Association is currently working to obtain a replacement pump and complete the necessary repairs as quickly as possible.

We will provide updates regarding the repair schedule and anticipated reopening date once additional information becomes available.

We apologize for the inconvenience and appreciate your patience and understanding while this issue is being addressed.

Thank you for your cooperation.
